

TPI SCHOOL ON QFT AND HOLOGRAPHY: ENTANGLEMENT AND SYMMETRIES

12-16 February 2024,
Theoretisch-Physikalisches Institut
FSU Jena, Germany

FRIEDRICH-SCHILLER-
UNIVERSITÄT
JENA

Speakers and Lecture Topics

Nele Callebaut (U. of Cologne)

Entanglement Entropy in Conformal Field Theory and Holography

Nabil Iqbal (Durham U.)

Introduction to Generalized Symmetries: Principles and Applications

More Information:
<https://indico.tpi.uni-jena.de/e/328/>

Organizing Committee

Federico Capone
Jakob Hollweck
Katharina Wölfl

Student Contributions

Participants are welcome to contribute with a poster or a short talk at the gong-show.

Contributors can apply for partial funding if they apply until the 15th of December 2023.
