

TPI School on QFT and Holography: Entanglement and Symmetries

Monday 12 February 2024

Introduction to Generalized Symmetries: Principles and Applications: Lecture 1 - Abbeatum/Ground floor-HS1 - Hörsaal 1 (13:30-15:30)

Introduction to Generalized Symmetries: Principles and Applications: Tutorial 1 - Abbeatum/Ground floor-HS1 - Hörsaal 1 (16:00-17:00)

Tuesday 13 February 2024

Introduction to Generalized Symmetries: Principles and Applications: Lecture 2 - Abbeatum/Ground floor-HS1 - Hörsaal 1 (09:30-11:30)

Introduction to Generalized Symmetries: Principles and Applications: Tutorial 2 - Abbeatum/Ground floor-HS1 - Hörsaal 1 (16:30-17:30)

Wednesday 14 February 2024

Introduction to Generalized Symmetries: Principles and Applications: Lecture 3 - Abbeatum/Ground floor-HS1 - Hörsaal 1 (13:00-15:00)

Thursday 15 February 2024

Introduction to Generalized Symmetries: Principles and Applications: Lecture 4 - Abbeatum/Ground floor-HS1 - Hörsaal 1 (09:30-11:30)

Introduction to Generalized Symmetries: Principles and Applications: Tutorial 3 - Abbeatum/Ground floor-HS1 - Hörsaal 1 (16:00-17:00)

Friday 16 February 2024

Introduction to Generalized Symmetries: Principles and Applications: Lecture 5 - Abbeatum/Ground floor-HS1 - Hörsaal 1 (13:20-15:20)

Introduction to Generalized Symmetries: Principles and Applications: Tutorial 4 - Abbeatum/Ground floor-HS1 - Hörsaal 1 (17:00-18:00)
